

DENTISTRY

Dr. Jeff Danner

What services do you offer?

I think a lot of patients do not realize that our services extend beyond just cleaning teeth and checking for cavities. Based on your needs as our patient, we offer a wide range of services & options for maintaining a smile that will last a lifetime.

Our basic services include:

- White fillings with no need for anesthetic
- 1-hour root canals & crowns
- Comfortable, computerized numbing
- Digital x-rays
- Lumineers/porcelain veneers
- Tooth whitening
- Invisible braces
- Dentures/partials
- Sealants to help prevent decay
- Fluoride treatments

We also offer specialized services, including:

- Alleviation of jaw & facial pain
- Dental implants
- Sleep apnea/snore prevention appliances
- Sports mouthguards
- Oral sedation for children
- Lasers for decay detection & gum treatment
- Oral cancer screenings

For additional information on the services & care we provide for our patients, visit our website: DannerDental.com.
