

DENTISTRY

How do you show patients you care?

Dr. Jeff Danner

At Danner Dental, we believe that dentistry goes far beyond just treating teeth -- it's about establishing trust and building rapport with people by meeting their needs on an individual basis.

Our practice mission statement, *to provide our family of patients with the most positive dental experience possible*, helps us stay focused. Here are some ways we show our patients we care:

- Early morning & evening hours
- We'll process your insurance for you
- White fillings with no need for anesthetic
- 1-hour porcelain crowns & root canals
- Alleviation of jaw & facial pain
- Comfortable, computerized numbing
- Convenient 1-hour whitening
- Lasers for decay detection & gum treatment
- Digital x-rays offering 90% less radiation
- A "No Cavity Club" & prizes for children
- Chair massage, pillows, & movies during dental treatment

Also, stop by our office **June 11-13** for our Summer Celebration Event! Daily prize drawings and FREE ice cream for everyone! For more information, visit our website: **DannerDental.com**.
